March Meetings

Tuesday March 4, 3:00 pm

Corvallis Public Library second floor conference room

Organizing meeting for members showing work at our Spring Exhibition

If you are presenting your work please attend to find out how you can help make it a successful show.

Monday March 17

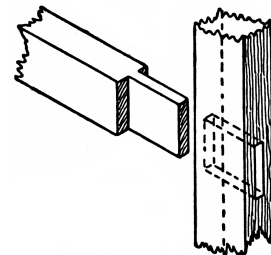

Board meeting at 6:00 to which any and all are invited.

General Meeting socializing at 7:00, show starts at 7:30.

Stan Hall's Shop

6555 NW Sumac Drive

Corvallis

John H. Finley ed. Nelson's Perpetual Loose-Leaf Encyclopaedia
(vol. 7) (New York, NY: Thomas Nelson and Sons, 1917)

The earliest known mortise and tenon joint dates from over 7,000 years ago. It is still a staple of fine woodworking worldwide. This month's meeting will focus on the mortise. We'll see both machine and hand tool approaches to making a perfect rectangular hole in a piece of wood. Sounds, simple, no? There will be a board meeting starting an hour before the general meeting. On the agenda is a review of our membership and finances and discussion of ways to broaden participation in MWWG activities. Everyone is welcome to attend and take part in discussions.

Help Wanted: Newsletter Editor

I'm sad to report that I'll be leaving Corvallis in June. MWWG is therefore looking for a new newsletter editor and email blaster. You don't need to be a member of the Board but you will work with them to communicate with the fifty or so members and over 200 newsletter subscribers. This is not heavy lifting, folks! Maybe an hour per month or less. And you can do it in your pajamas. (Too much information?) If you are interested, or might be interested, or can be convinced to be interested let me or any Board member know. — Gary

41st Annual Exhibition of Fine Woodworking, April 24th-27th

If you haven't sent in your information about the items you want to show, please take this opportunity to do it this month.

MWWG is now accepting applications from MWWG members to exhibit your work in the Corvallis Library main meeting room. You may submit up to three items for the show. The deadline to apply is March 31, 2025. Members must have current dues paid at least 4 weeks prior to the show. Exhibitors are expected to share responsibilities for hosting and monitoring the exhibition.

Your application should include at least:

- Your name, e.g., Joe Woodworker
- What your piece is, e.g., Craftsman-style Coffee Table
- Type of wood(s) used, e.g., Oregon White Oak with ebonized Walnut
- General size & whether it is best displayed on a table, a pedestal, or floor

Send your information by email to:

Meet the members

Here we highlight a different member each month. This month, meet Doug Ullmer.

I've been making things for as long as I can remember; model planes, boats, cars, and bigger projects as I got older. For example, I built an underwater electric scooter as a high school senior. The New Yankee Workshop tv series inspired a love for building with wood, and made furniture seem accessible. I've tried a range of challenging projects, from marquetry and parquetry, to vacuum infusion, bent lamination, and traditional joinery casework. I enjoy making boxes, but also chairs, tables and desks. Figuring out techniques and processes, solving design challenges, and completing a piece that will get passed down in the family are my major joys in this hobby. In recent times I've combined 3D printing and software/electronics to make my workshop more functional and efficient. But I still have more project ideas than time to complete them, or maybe I just have a productivity issue.

Activity at MWWG.groups.io

To join and view the online forum for MWWG, you only need to email MWWG@groups.io. Alternately, you can type in MWWG.groups.io on your browser and ask to subscribe. You don't need to supply content, other than maybe a hello comment, or "I'd like to join". Doug Ullmer is the moderator, so he approves the first post, and then you can review messages. You'll then be a "subscriber" and can log into mwwg.groups.io to see all the topics and edit your profile settings, including how you get new messages. The choices include getting a summary every day, or every 12 messages, or not at all.

If you are a paid member of MWWG you will also be able to post to the group.

Guild Membership

Please be sure to include a [Membership/Renewal Form](#). *Note that we require the form every year even if you are a current member.*

Local Resources

Wood

[The Hardwood Centre](#). Big supporters of MWWG and nice folks. Hardwoods, birch plywood, some veneers, and locally milled lumber. Also a pick up site for Bam Carbide tooling. They are happy to order what they don't have.

[Crosscut in Eugene and Portland](#). If the Hardwood Centre doesn't have it these folks have a larger selection and stock. MWWG members get a discount at the Eugene store so let them know you are one of us!

[Lewis Judy/Northwest Timber](#). Also a long time supporter of MWWG. If you are looking for highly figured woods from the Pacific Northwest for a special project, try here first.

[Tree Products Eugene](#). A good source for hardwood, veneered plywood and more.

[Mike's Bargain Center](#). Discount lumber, some hardwoods, occasional treasures and deals.

[Woodcraft Eugene](#). If you are looking for smaller turning blanks in specialty woods.

[Goby Walnut](#). They have Oregon Black Walnut (Claro Walnut), Big Leaf Maple (Pacific Maple), Oregon White Oak, Madrone, Myrtle. Limited runs of Elm, English Walnut, Tan Oak, and other NW hardwood species. 25420 S. Hwy 99E. Aurora, OR 97002

Hardwood and Plywood Specialty LLC. Used to be in Albany but have moved to Sweet Home. Hours by appointment. Call or email first to let them know what you are after. They might have just the right board.

41221 Upper Calapooia Drive, Sweet Home, OR, United States, Oregon
(541) 936-2915. hardwoodandplywood@gmail.com

[Spaeth Lumber](#). Construction lumber oriented. But if you need table saw or jointer/shaper blades sharpened they will send them to [Snooks Saw Service](#) in Salem for you with a short turn-around.

[Sustainable Northwest Wood](#). In Portland. Recycled and FSC certified construction lumber, and PNW hardwoods including hard to find woods like tan oak, madrone, and myrtle. Their focus is on local and sustainable supply.

Tooling, Saw and Blade Sharpening

Need a table saw blade sharpened? Or a jointer, planer, or shaper blade? Or a bandsaw blade made? Local source for Whiteside router bits or custom carbide tooling?

[Snooks Saw Service](#). You can drive to Salem, or you can drop off your tooling at Spaeth Lumber in Corvallis and Snooks will pick up and deliver it back to Spaeth's for no charge.

D and M Saw and Manufacturing, 3951 E Commercial Way SE, Albany, OR 97322, [541-928-6463](tel:541-928-6463).

[Bam Carbide](#), based in Salem but with pickup at The Hardwood Centre in Albany. Router bits, saw blades and other carbide woodworking tooling.

Natural wood finishes. And woodworking books! In one place!

[Heritage Natural Finishes](#), and [Summer Beam Books](#), both at 1337 Main Street, Philomath, [877-272-1987](tel:877-272-1987) summerbeambooks@gmail.com. Non-toxic wood finishes, pigments, and oils and other wood finishing goodies. And an absolutely incredible offering of books about wood working, construction, and more.

Woodworking maker space, woodworking classes and instruction

Don't have a shop set up? Looking to get started in woodworking? Need some friendly and encouraging instruction? Here is the place for you, right here in Corvallis. [HighlandWoodshop](http://HighlandWoodshop.com), highlandwoodshop@gmail.com 541-315-4737
