Newsletter Editor Wanted

MWWG is looking for a new newsletter editor and email blaster. You don't need to be a member of the Board but you will work with them to communicate with the fifty or so members and over 200 newsletter subscribers. This is not heavy lifting, folks! Maybe an hour per month or less. And you can do it in your pajamas. (Too much information?) If you are interested, or might be interested, or can be convinced to be interested let me or any Board member know. — Gary

Activity at MWWG.groups.io

To join and view the online forum for MWWG, you only need to email MWWG@groups.io. Alternately, you can type in MWWG.groups.io on your browser and ask to subscribe. You don't need to supply content, other than maybe a hello comment, or "I'd like to join". Doug Ullmer is the moderator, so he approves the first post, and then you can review messages. You'll then be a "subscriber" and can log into mwwg.groups.io to see all the topics and edit your profile settings, including how you get new messages. The choices include getting a summary every day, or every 12 messages, or not at all.

If you are a paid member of MWWG you will also be able to post to the group.
